{Tape: 1; Side: A; Approx. Time Counter: 81 - 148}

{Tape: 1; Side: A; Approx. Time Counter: 148 - 194}

Geoff Feiss, Montana Telecommunications Association, rose to oppose HB 432 and stated that there are many other distractions while driving a vehicle. He proceeded to explain them to committee members.

Paul Grimstad, Colonel-Montana Highway Patrol, stated that in 2003, there were 5,998 crashes with the drivers charged with careless driving and of those crashes there were 67 fatalities.

The total of accidents in Montana were more than 58,000; with 62 noted on record due to cell phone use. Col. Grimstad stated that conversations taking place in vehicles are more of a factor in accidents than the use of cell phones.

{Tape: 1; Side: A; Approx. Time Counter: 260 - 303}

Questions from Committee Members and Responses:

REP. RICE questioned the sponsor concerning how the use of a cell phone in an accident could be determined. **REP. RASER** stated that one wouldn't be able to determine that unless someone saw the driver using a cell phone or by cell phone records.

REP. NOENNIG then asked **REP. RASER** why a crash has to occur before there is an offense charged to the driver. **REP. RASER** said that the intention was to be "In the commission of an accident."

{Tape: 1; Side: B; Approx. Time Counter: 24 - 66}

Questions from Committee Members and Responses:

REP. NOONAN questioned Ms. Bucy about the necessity for this bill; he asked, "...isn't the AG already doing a program like this as in Homeland Security?" **Ms. Bucy** replied, "Not necessarily, that money is tightly controlled and its use has strict recommendations on usage."

REP. EVERETT posed his questions to Ms. Bucy also. The REPRESENTATIVE wanted to know about the terrorism threat "color levels," hoaxes and myths. Ms. Bucy referred the question to Mike Batista, Department of Justice-Division of Criminal Investigations. **Mr. Batista** replied that the Federal Government receives much information regarding terrorists on an ongoing basis.

REP. PARKER (now present) asked Mr. Batista about the "red alert" and the AG's response to that program. **Mr. Batista** stated that the AG office receives information from the Federal Government and disseminates that information to the public.

REP. LANGE spoke to the sponsor about Section 2 in the bill regarding the low amount of funding available/requested. **REP. GALLIK** responded by saying that it would have helped to receive more money; however, this amount would at least get the local program started.

REP. RICE asked Ms. Bucy about the difference of this proposed program and Homeland Security which is already in place. **Ms. Bucy** explained that Homeland Security is spread throughout all the agencies and that there isn't any one person in charge of that program. **Mr. Batista** spoke and stated that this bill would allow the coordination of all the information by State agencies put forth to the public.

REP. NOENNIG then asked Mr. Batista about the feasibility of only one person being able to handle this program. **Mr. Batista** replied that there is no way to sustain this program without a "hard-funded" position.

{Tape: 1; Side: B; Approx. Time Counter: 66 - 230}

Closing by Sponsor:

REP. GALLIK closed the hearing on HB 380. He stated, "...there is a need to make sure the right hand knows what the left hand is doing and the public needs to be brought in."

[EXHIBIT\(juh25a03\)](#)

{Tape: 1; Side: B; Approx. Time Counter: 330 - 364}

John Northey, chief council-Legislative Audit Committee, stated that this bill is a "housekeeping" bill and that the amendment is acceptable.

{Tape: 1; Side: B; Approx. Time Counter: 364 - 387}

Opponents' Testimony: None

Informational Testimony: None

Questions from Committee Members and Responses:

REP. NOENNIG asked Mr. Oppedahl to explain to the committee members how this money is left over; where it goes and when the Supreme Court receives this money; and how it is then transferred to the District Court for Youth Services. Mr. Oppedahl explained that the money is appropriated initially to the Department of Corrections. When there are unexpended funds left at the end of the year; the Supreme Court account then legitimately on the State's financial page may spend those dollars. The DOC sets aside \$1 million in a cost containment fund and if any of that money is left over at the end of the year; the counties then can use that money. In this case, District Court can use those monies for the intervention and youth programs.

At that point, because of the transfer from county run youth courts to state run youth courts, the Supreme Court needs that authority to disburse that money.

{Tape: 1; Side: B; Approx. Time Counter: 387 - 448}

PLEASE NOTE:

At the conclusion of all the Executive Action, **REP. CLARK** respectfully requested a recount of the action taken on HB 61 "moving out of committee." **REP. CLARK** stated, "I was present with proxies in the room when the vote was taken and I don't think those proxies were considered." **CHAIRMAN RICE** denied the request for a recount.

REP. CLARK called for a "point of order" and requested, "An explanation as to why votes that are on a proxy sheet handed in will not be counted." **CHAIRMAN RICE** stated, "The [first] vote was to reconsider HB 61 and then the [second] vote was on the [motion and vote] 'DO PASS' of HB 61." She continued to state the first motion was "present and voting" and the second [motion/vote] was "...if you weren't here, we don't have proxies (counted)." **REP. CLARK**, "I was here, I was in the room when that vote was taken and I handed my proxies in, and that will be reflected in the proxy count, so this bill will be passing out of this committee with a nine-to-nine vote."

CHAIRMAN RICE recognized **REP. GUTSCHE**: "...request[ed] the secretary to give us the vote count on that bill, please."

Pam Schindler, secretary, stated, "Everything happened so fast, I have down that REP. STOKER requested to 'lift HB 61 off the table for reconsideration,' then there was a DO PASS, the only ones that I have as a 'no' were REPS. Becker, Noonan and Windham. Some of this problem may be mine also, because it went so fast and I wasn't catching everything and it was a voice vote; so I was going to go back through my records and through the tape and do everything before I put the bill out for CHAIRMAN RICE'S signature."

REP. CLARK stated, "I just want the committee to know that my proxies will be handed in and will reflect, since I was in the room when that vote was taken, the votes of REP. PARKER, REP. HARRIS, REP. GUTSCHE, and myself, which were not recorded."

EXHIBIT (juh25a06)

CHAIRMAN RICE recognized REP. GUTSCHE. **REP. GUTSCHE** stated that she was confused and asked, "...if the bill was actually on the table or was it on nine-nine...." **CHAIRMAN RICE** stated that it was nine-nine. **REP. GUTSCHE** then said, "The move then would have been to reconsider, and there were several of us missing; then there was a motion to pass the bill." **CHAIRMAN RICE** stated, "...that was correct." **REP. GUTSCHE** then stated, "On the motion to pass the bill, REP. CLARK is saying that he had the proxies and handed them in and so they are not being counted." **CHAIRMAN RICE** stated, "We are taking the votes that were here at the time." **REP. GUTSCHE** continued by saying that REP. CLARK was in the room and had the proxies, and asked "...is that correct, could someone else...." **CHAIRMAN RICE** stated that she didn't remember him being there, and inquired, "...could someone else remember him being here?"

REP. WINDHAM stated that she was standing right next to REP. CLARK when the vote was taken. **CHAIRMAN RICE** stated, "Pam will review the tape and let us know."

REP. HARRIS informed the committee that he was presenting a bill in another committee and, "Certainly would expect my proxy to be counted and if VICE-CHAIR CLARK was in the room with my proxy, I would expect my proxy to be voted." **CHAIRMAN RICE** stated again that the tapes will be reviewed.

REP. NOONAN informed the committee that he would have voted REP. GUTSCHE'S proxies. "But I did in fact look down the table and REP. CLARK was standing there, so I did not vote them," he said.
{Tape: 4; Side: A; Approx. Time Counter: 44 - 96}

At the adjournment of the hearing, the video tape was reviewed and it was verified that REP. CLARK was in the room at the time.

The vote at that time would have been a 9-9 tie with **REPS. CLARK, WILSON, PARKER, GUTSCHE, HARRIS, DRISCOLL, NOONAN, BECKER, WINDHAM** voting NO.

Upon review and consultation with Marilyn Miller, Chief Clerk of the House, it was decided that this Executive Action on HB 61 would be "held in Committee" and no action was reported out until February 18, 2005 when Executive Action occurred resulting in HB 61-Do Pass As Amended, 16-2, with a Grey Bill.
